

Is your website  
as clever as it  
could be?

Some sites look attractive -  
some have intelligence too...

# It is wise to make sure you are using the latest web technology to its full potential...

Check out whether your website is...

## Website Design

- Strong branding
- Visitor focussed layout
- Easily up-datable
- Fully expandable

## Content

- Compelling copy
- Exciting images
- Relevant information
- Simple 'call-to-action'

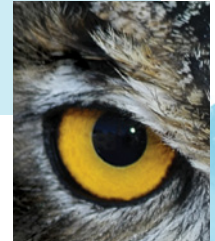

## Visibility

- Latest Google optimisation
- Researched keywords
- Local search friendly
- Responding to analysis

## Promotion

- Online advertising
- Targetted newsletters
- Social media
- Conventional media

Not wishing to ruffle any feathers, but if you've not ticked them all you may be missing out. We'd be happy to drop in and help your web results begin to soar!..
